

## **WELLNESS POLICY:**

**GOAL:** The primary goal of the Hale R-1 School District Wellness Program are to promote student health, facilitate student learning of lifelong health habits, and improve student achievement. The following procedure will guide the implementation of the district wellness program.

### **NUTRITION GUIDELINES**

The district designates the following nutrition guidelines, based on the Missouri Eat Smart Nutrition Guidelines, for foods and beverages served in schools during the school day:

School Breakfast-All school meals comply with USDA regulations and state policies.

School Lunches-all school meals comply with USDA regulations and state policies.

A la carte food and beverage items-not offered during the school day.

**Vending Machines:** All vending machines are used in accordance with the USDA regulations which prohibit the sale of “foods of minimal nutritional value” where school meals are served or eaten during the meal period.

**Rewards, Celebrations, Fundraisers, and Intramural Activities:** All foods and beverages are offered in compliance with USDA regulations prohibiting the sale of “foods of minimal nutritional value” where school meals are served or eaten during the meal period. Parents/Guardians will be encouraged to send healthy foods, and reasonable limits or restrictions on foods brought into the classroom will be set. Rewards, celebrations, and parties will be scheduled after lunch periods when possible.

School officials must approve rewards, celebrations and parties to be held during lunch period.

### **Nutrition Education**

The district’s nutrition education goal is to provide students with the necessary knowledge and skills to make nutrition decisions. In order to achieve the nutrition education goal, the district will:

1. Provide students at all grade levels, to the extent possible, with adequate nutritional knowledge that may include, but not limited to:
  - a. The benefits of healthy eating
  - b. Safe food preparation, handling and storage
  - c. Principles of healthy weight management
  - d. Essential nutrients
  - e. Nutritional deficiencies
  - f. The use and misuse of dietary supplements
2. Provide students with nutrition-related skills that may include, but not limited to the following:

- a. Planning healthy meals
- b. Understanding and use of food labels
- c. Applying the principles of the Dietary Guidelines for Dept. of Elem. and Sec. Ed. and Myplate
- d. Critically evaluating nutrition information and commercial food advertising
- e. Assessing personal eating habits, nutrition goal setting and achievement

### **Physical Activity**

The district's physical activity goal is to assist students in learning to value and enjoy physical activity as an ongoing part of a healthy lifestyle by ensuring that every student has the opportunity to develop the knowledge and skills necessary to perform a variety of physical activities, maintain physical activity goal, the district will:

1. Develop a program of appropriate physical education for every student. The program will:
  - a. Provide for at least 150 minutes of physical education for students in the elementary grades during the school week; at least 225 minutes during each week for students in middle school; and at least 1 unit for students in high school.
  - b. Emphasize knowledge and skills for a lifetime of regular physical activity.
  - c. Devote at least 50% of physical education class time to actual physical activity in each week, with as much time as possible spent in moderate to vigorous physical activity.
  - d. Meet the needs of all students, especially those who are not athletically gifted or who have special needs.
2. Provide time in elementary schools for supervised recess. All students will have at least 30 minutes per day of supervised recess.
3. Provide opportunities and encouragement for students to voluntarily participate in before- and -afterschool physical activity programs: and joint school and community activities by:
  - a. Providing a diverse selection of competitive and noncompetitive, as well as structured and unstructured, activities to the extent that staffing and district/community facilities permit.
  - b. Encouraging partnerships between school, recreation agencies and other community organizations to coordinate and enhance opportunities available to students for physical activity during their out-of-school time.
4. Discourage periods of inactivity that exceed two or more hours. When activities such as mandatory school wide testing make it necessary for students to remain indoors for long periods of time, staff should give students periodic breaks which they are encourage to stand and be moderately active.

### **Community Involvement**

1. School instructional staff will collaborate with agencies and groups conducting nutrition education in the community to send consistent messages to students and their families.

Guest speakers invited to address students will receive appropriate orientation to the relevant policies of the district.

2. The wellness program shall make effective use of district and community resources and equitably serve the needs and interests of all students and staff, taking into consideration differences of gender, cultural norms, physical and cognitive abilities and fitness level.

### **Family Involvement**

1. The district will strive to engage families as partners in their children's education by supporting parental efforts to motivate and help their children with maintaining and improving their health, preventing disease and avoiding health-related behaviors. Strategies the district may implement to achieve family involvement may include, but are not limited to:
  - a. Providing nutrition information to parent/guardians in the forms of newsletters, handouts, presentations or other appropriate means.
  - b. Providing parents/guardians with ideas for healthy celebrations, parties, rewards and fundraising activities.
  - c. Encouraging parents/guardians to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the district's nutrition standards for individual foods and beverages.
  - d. Sharing information about physical activity and physical education via the district's newsletter, other take-home materials, special events or physical education homework.
  - e. Encouraging parents/guardians to volunteer time in the classroom, cafeteria or at special events that promote student health.

### **Meal Times**

Students are not permitted to leave school campus during the school day to purchase food or beverages. Meal times will comply with the following guidelines:

1. Meal times will provide students with at least 10 minutes to eat after sitting down for breakfast, and 20 minutes after sitting down for lunch.
2. Activities such as tutoring or meetings will not be held during mealtimes unless students may eat during such activities.
3. Drinking water will be available to students during meals.
4. Students will have access to handwashing facilities before they eat meals or snacks.
5. The district will take reasonable steps to accommodate the tooth-brushing regimens of students.
6. Students will be allowed to converse during meals.
7. The cafeteria will be clean, orderly and inviting.
8. Adequate seating and supervision will be provided during meal times.

### **Tobacco**

Tobacco use prevention education will focus on all grades with particular emphasis on middle school and reinforcement in all later grades. Instructional activities will be participatory

and developmentally appropriate. Tobacco use prevention education programs will be implemented in accordance with Board policy, relevant administrative procedures and law.

### **Evaluation**

The wellness program coordinators are responsible for monitoring implementation of the district program by:

1. Assuming responsibility for the assessment of existing policies and procedures.
2. Prioritizing wellness goals and writing work plans for each goal.
3. Measuring implementation of the district wellness policy and procedure.
4. Ensuring that the district meets the goal of the wellness policy and procedure.
5. Reporting to the Board on compliance and progress annually.

### **Monitoring**

The food service director/authorized representative will monitor food service areas for compliance with the district's nutrition guidelines and will report on this matter to the wellness program coordinators. The program coordinators will develop an annual summary report based on the district's compliance with the wellness policy. The report will be provided to the BOE and made available to the public by appropriate means.

### **Policy Review**

The wellness program coordinators will provide policy revision recommendations to the BOE. The Board will revise the wellness policy, as it deems necessary. Administrative procedures will be revised accordingly.

## **Hale R-1 School District Wellness Program**

The Board recognizes the relationship between student well-being and student achievement as well as the importance of a comprehensive district wellness program. Therefore, the district will provide developmentally appropriate nutrition and physical education as well as opportunities for physical activity.

### **Wellness Committee**

The district will establish a wellness committee that consists of at least one (1): parent, student, nurse, school food service representative, board member, school administrator, member of the public, and physical education/health teacher. The board designates the following individual as the wellness program coordinator: Clint Heussner, Superintendent. Wellness Coordinators, in consultation with the wellness committee, will be in charge of implementation and evaluation of this policy. Meetings, records and votes of the wellness committee will adhere to the requirements of the Missouri Sunshine Law.

### **Nutrition Guidelines**

It is the policy of the Hale R-1 School District that all foods and beverages made available on campus during the school day are consistent with the Missouri Eat Smart nutrition guidelines. Guidelines for reimbursable school meals will not be less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to law. The district will create procedures that address all foods available to students throughout the school day in the following areas:

1. National School Lunch Program and School Breakfast Program meals.
2. A la carte offerings in the food service program
3. Vending machines and school stores
4. Classroom parties, celebrations, and rewards
5. Snack served in afterschool programs

### **Nutrition and Physical Education**

The district will provide nutrition and physical education aligned with the Missouri Standards and Missouri's Frameworks for Curriculum Development in Health/Physical Education in all grades. The wellness program coordinators, in consultation with the wellness committee, will develop procedures that address nutrition and physical education.

### **Evaluation**

The wellness program coordinators shall be responsible for devising a plan for implementation and evaluation of the district wellness policy and are charged with operational responsibility for ensuring that schools meet the goals of the district wellness policy. Wellness program coordinators will report to the board annually.
